Leap Year Ball To Be Some Time

Boys don't forget that big Leap Year Ball to be given tomorrow night at the Rink. This is the chance of a life time and besides it is going to be some dance. The dance is absolutely free to all gentlemen and if you don't go you miss one of the best times of your life. The dance is being conducted solely by the ladies and they are going to show the men how to give a real good time dance. After the dance there is going to be a feed such as you never seen before. The music will be good and Mrs. Case as floor manager will see that you have a good time. Everybody come and have a good time.

Notice is hereby given that a meeting of the citizens of Wrangell, Alaska, will be held in the Council Chambers, Town Hall, on Thursday, March 23, 1916, at the hour of 8 o'clock p. m. for the purpose of nominating candidates for a Common Council of seven members and one member of the Wrangell School Board for a term of three years.

and Ex-officio Mayor of Wrangell, Alaska.

American Soldiers Are Invading Mexico Carranza Helping

El Paso, March 15—The police of this city received a report this morning that the Federal troops of Mexico for President Carranza crossed the border last night and captured Hachite, New Mexico, and are now holding that city in defiance of the United States. Hachite was occupied until yesterday afternoon by two companies of the U. S. infantry but they left to join the expedition into Mexico from Columbus and left the city unprotected which made it easy work for the Carranzaists to capture. The report caused the wildest excitement here and it is declared that President Carranza of Mexico and General Villa have entered a conspiracy to catch the United States off her guard and loot the border towns. The news cannot be officially confirmed on account of the strict censorship. Americans arriving at Neca Mieri this morning declare that the Carranza soldiers lined along the railroad track cursed and hurled all kinds of vile insults at the Americans as the train passed through Cabullona. There is a growing fear here that all Mexican forces have joined Villa against the United States and that all Americans now residing in Mexico will possibly be massacred.

El Paso, March 15—Fifteen hundred American soldiers crossed the border into Mexico late last evening. They will be followed by five thousand more today. The movements are all under the strictest censorship.

San Diego, March 16—The U. S. destroyer Stewart was dispatched this morning for Ensenada where it is reported that the Carranza forces are in revolt.

Juarez, March 16—General Gavina in command of the Federal troops here has received instructions from President Carranza to cooperate in every way possible with the American forces. Juarez is quiet although Americans have been openly insulted on the streets of the city.

San Antonio, March 16—Brig. Gen. Pershing has received orders to wipe out all Villaltes.

El Paso, March 16—The report was received here this morning that American citizens are being shot at several points along the border by both factions of the Mexicans. The Texas Rangers and the National Guards of Arizona and New Mexico will shortly be ordered to take a hand in the affairs along the border according to reports today. It is reported here that the troops in Mexico have engaged in several sharp clashes today with the Mexicans. A second division of troops will leave this afternoon to join Pershing's force in Mexico.

Washington, March 16—Troops are being rushed from all sections to the Mexican border. It is reported that small bands of Villaltes raided on both sides of the line.

Washington, March 16—The first reports received from Brig. Gen. Pershing states that all is going well with the army across the border.

Great Effort Now On For Verdun

Paris, March 15—All day yesterday and last night thousands of guns are engaged on a fifty mile curving front around Verdun, in an artillery duel so terrific that deep reverberation are distinctly heard in the environs of Paris itself. Every available German howitzer is being brought to bear against the great fortress against which for twenty two days the Germans have been launching the full strength of her army.

Berlin, March 16—Commander Von Tirpitz has sent his resignations to the Kaiser from command of the German fleet. The reason is given out that the resignation was caused by criticism on account of the fleet leaving the Kiel Canal and then returning without giving battle to the British fleet. The people of Germany are clamoring for some action of the fleet and it is believed that they will leave again in a few days in another attempt to give battle to the British fleet.

London, March 16—The Dutch steamer Tubanita was either mined or torpedoed and sunk yesterday evening in the North Sea. Eighty passengers including eight Americans were saved.

Great Feature Coming To The Rink

Manager Richmond of the Rink makes the announcement in this issue of the Sentinel that will certainly take the eye of every motion picture lover in Wrangell, that of having signed for the famous Chas. Chaplin Comedies which are making such a great hit all over the United States. The first of these pictures will be "Shanghaied" which will be run next week and followed there after by one of his comedies each week. He has also another line of pictures which will start on April 1st that is ahead of any pictures ever run in Wrangell before. Mr. Richmond is going to a great expense to give Wrangell theater goers the best in the line and is certainly deserving of support. Watch for the dates of the big features.

Rome, March 16—According to information received here today Roumania and Bulgaria have severed all diplomatic relations.

Also it is stated that the overtures of England and Russia to Roumania have been accepted.

Halifax, N. S., March 16—The Legislature passed the prohibition bill yesterday by a vote of twenty eight to three.

STETSON Hats Have Become a Part of Literature

Great writers make atmosphere for their characters by having them wear STETSON Hats.

Harold Bell Wright says:

"I use Stetson in my stories because the public associates Stetson with Genuineness and Quality."

"The idea of Stetson strengthens the reader's conception of the character of the man who wears the hat."
